England Cluster in International City is sited in the large sized neighborhood. It offers two, three and four storey residential buildings which are considered as a reflection of the 18th and 19th century styles prevalent in England, namely, Victorian and Revivalist. The buildings with red triangular roofs, arches, pointed windows and brick chimneys give a quaint feeling of being in England. The shops fronts on the ground floor ranging from 420 sq ft to 1300 sq ft add to the sense of old English community spirit as well.

The neighborhood is located the amidst the beautifully landscaped gardens sprinkled with fountains. The residential district is prepared with retails outlets, amphitheaters, restaurants and recreational facilities.

The community amenities include schools, post offices and hospitals. Each residence has admirable cooling, telecommunication, electrical, water supply and parking facilities. The central district of International City houses more retail and trade venues, and includes top class hotels and exhibition centers.
